A. Yes. We learned a lot of material, and I feel Shannon did a good job of making the criteria exciting. @

B. Requirements for the project were a bit hazy - we felt ~~overwhelmed~~ overwhelmed because we were unsure of due dates & objectives.

The powerpoints online were very helpful, though.

I liked speaking to people whose first languages weren't English.

I really enjoyed taking this class. I used 219 as a sort of sanding board, to see if I would like to become a linguistics major, and I was very happy overall with the class. I learned a lot and I feel like this class has given me a solid base from which I can continue my study. And, even though research isn't my favorite thing in the world, I still enjoyed myself while doing the project. The only thing I didn't like was the test over the phonetics unit because we could only listen to the professor say each ~~word~~ word once and because the room was so quiet I felt like I couldn't say words aloud when I tried IPA transcription.

- B. What were the strengths or weaknesses of the class sessions?
- C. How well did the instructor achieve the stated purpose of this course?

Please respond in writing on this sheet to two or more of the following questions. These discussion questions are especially important, so please explain your opinions as clearly, fully, and specifically as you can.

- A. Have you grown intellectually through studying under the direction of this instructor?
- B. What were the strengths or weaknesses of the class sessions?
- C. How well did the instructor achieve the stated purpose of this course?
- D. How do you rate this instructor in comparison with other instructors at ISU?
- E. What other things would you like the instructor to know, either about the course or about the instructor's performance?

D. She is awesome. She is always willing to help us and if she doesn't have an answer she will find one for us. The only thing I didn't like about the course was the attendance policy which I felt was super harsh. This has been one of my favorite class because Shannon is so passionate about her work.

A. I believe that I've learned a great amount in this class.

The instructor made the content somewhat easier to understand

B. One weakness in this class is that we did not spend as much time that was needed for the transcriptions and I believe that the class would have done better on the exam if we went over more material

A. I think, yes, I have. I actually learned things in this class and frequently find myself connecting things to other classes and even things in every day life.

D. I loved having Shannon. She has been one of the best instructors I've had at ISU. She was friendly and pleasant but she was also effective and was fair in her grading. I feel like a lot of instructors will sacrifice one for the other, but Shannon had a good balance. I enjoyed learning from her. She made it easier to not hate my B.A.M.

A. I think I have learned a lot in this course. The teacher was awesome.

B. Strengths- engaging, interesting, related to ESL.

Weaknesses - fast, tests cover too much, explanations of assignments given too close to due date, Moodle, not enough review, no study guide. so I didn't know what to study.

C.D. Wonderful

E. It won't hurt to let people know relatively what is on the test. Have more review time.

Please respond in writing on this sheet to two or more of the following questions. These discussion questions are especially important, so please explain your opinions as clearly, fully, and specifically as you can.

- A. Have you grown intellectually through studying under the direction of this instructor?
- B. What were the strengths or weaknesses of the class sessions?
- C. How well did the instructor achieve the stated purpose of this course?
- D. How do you rate this instructor in comparison with other instructors at ISU?
- E. What other things would you like the instructor to know, either about the course or about the instructor's performance?

Don't go through the slides so fast or provide notes so we can print them before class. I never had enough time to write & it was very frustrating.

⑤ I feel as though ~~the~~ tests didn't reflect the content knowledge of what ~~that~~ I learned; tests examined knowledge at too deep of a level—a level that six hours of studying each day of the two days leading up to the test couldn't achieve.

① I learned a lot about grammar and the origin, acquisition, and usage of language. The IPA chart and sentence trees are vital for my English Education development.

A.) Yes, I have grown intellectually through this course. I especially appreciated the use of videos and guest speakers to teach us more about the subject matter through perspectives of people from other parts of the world. It was a well-rounded class as far as presentation of content is concerned.

B.) Strengths: I learned a lot; class was interesting (even at 8 a.m.); we had good discussions; assignments aligned with what we were learning; grading was fair.

Weaknesses: We did not need the book - at least I didn't. I wish the textbook was considered ^(supplemental) optional if all that was necessary to learn course material was attending class and completing assignments.

B. It was difficult to know what we were going to be tested over. The tests were different than what was practiced in class.

There was interactive homework that increased my knowledge of material.

English Department Instructor Evaluation Questionnaire

This questionnaire gives you the opportunity to evaluate your instructor's performance in this course. The results of the evaluation will not be available to your instructor until after the final grades have been turned in. A member of the class will be asked to collect the materials, seal them in an envelope, and return them to the English Department main office (203 Ross) directly following completion.

This questionnaire will provide your instructor with information for improving the course. It will also be part of the material used by faculty committees, which make recommendations about rehiring, promotion, and tenure for instructors. Therefore, you should try your best to answer the questions thoughtfully, fairly, and informatively. If a question does not apply, do not respond. **In the answer box on the right hand side of this page, fill in your responses using a #2 pencil ●.** For questions 3-20, use the following scale.

This instructor seemed knowledgeable & well prepared. She was willing to bring outside material into the course. However, she went through the material on the power point at a rapid pace, was not willing to create study guides, and did not explain the large project well.
